AYESHA NAZ

MERN Stack Developer

ashimughal687@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Results-driven MERN Stack Developer with hands-on internship experience and 2+ full-stack projects delivered from concept to deployment. Proficient in building scalable REST APIs, real-time features, and secure authentication systems using MongoDB, Express.js, React.js, and Node.js. Experienced in Stripe payment integration, Socket.IO, and JWT-based security. Seeking a developer role to contribute to production-grade web applications.

EXPERIENCE

MERN Stack Developer Intern — **U Dev** *2024*

Certificate: MERN Stack Web Development Internship

- Completed an intensive MERN stack internship focused on full-stack web development
- Built and deployed web applications using MongoDB, Express.js, React.js, and Node.js
- Gained hands-on experience with REST API design, JWT authentication, and role-based access control
- Developed School Management System as internship capstone project — see Projects below

PROJECTS

Event Nest — Event Booking Platform (Final Year Project) *2024 – 2025*

Tech Stack: *MongoDB, Express.js, React.js, Node.js, Stripe, Socket.IO, JWT*

- Developed a full-stack event booking platform with real-time availability checks and dynamic pricing logic
- Integrated Stripe payment gateway for secure online transactions
- Implemented real-time chat using Socket.IO for event organizer-attendee communication
- Built JWT-based authentication system and comprehensive admin dashboard for event management
- Deployed live at: https://event-nest-system.vercel.app/

School Management System (U Dev Internship Project) *2024*

Tech Stack: *MongoDB, Express.js, React.js, Node.js*

- Built a full-stack school management system with role-based authentication for admin and teachers
- Implemented complete CRUD operations for student records, attendance, and grade management
- Designed and integrated REST APIs with MongoDB for efficient data storage and retrieval
- Created responsive admin dashboard for streamlined school administration workflows

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3
Backend: Node.js, Express.js, REST APIs, Socket.IO
Database: MongoDB, Mongoose
Tools & Other: Git, GitHub, JWT Authentication, Stripe, MVC, CRUD

EDUCATION

BS Information Technology *2021 – 2025*

University of Education, Lahore
